Day 1: Thursday, November 28, 2024

Time (UTC)	Item	Speakers
Session 1: Welcome and Introductions: Opening Remarks and introduction of TPCF, including the concept of TPCF-2		
Chair: Shahzad Sultan		
07:05 – 07:30	Head, climate prediction services Division, WMO	Wilfran Moufouma Okia
	DG PMD	Sahibzad Khan
	Deputy Director General of the Beijing Climate Centre, CMA	Jiashuang Yuan
	DG IMD	Mrutyunjaya Mohapatra
	Director WMO Regional Office for Asia and the South-West Pacific (Singapore)	Ben Churchill
	Tour de table introduction	All participants
07:30 – 07:40	Introduction to WMO RCC Network concept and the designation criteria under the WIPPS framework	Eunha LIM (WMO)
07:40 – 07:50	Third Pole RCC Network activities and role in TPCF	Lijuan MA (NCC/CMA)
07:50 – 08:20	Third Pole Climate Monitoring for JJAS and October 2024:	
	Air Temperature, Precipitation, Snow cover; Circulation	Mingzhu Yang, NCC/CMA
	Extreme events observed during June-	

	October over the TP region Facilitating data provision in the TPRCC region	Sohail Babar Cheema, PMD Maria Shahgedanova, MRI
08:20 – 08:40	Q&As and Discussion on Climate Monitoring	Moderated by the Chair
08:40 – 08:55	Break	
Session 2: Impact of climate anomalies and extreme events during JJAS and October 2024 Chair: Dr Vijay Kumar Soni		
08:55 –09:25	Impact of climate anomalies in the past season over Pakistan The current climate conditions and a national outlook in Kazakhstan Extreme Climate Events during June-October, 2024 in Nepal	Atif Wazir, PMD Gulshat Aktayeva (Ms) NHMS of Kazakhstan Bibhuti Pokharel, DHM Nepal
09:25 – 09:50	Q&As and Discussion on JJAS Outlook Guide questions: What information is needed to manage High Impact Events in the past June to October? How do you find the TPRCC products or TPCF outlook useful for you?	Moderated by the Chair and Pengling Wang (NCC/CMA)
09:50 – 10:00	Summary of Day 1	Eunha LIM (WMO)

Day 2: Friday, November 29, 2024

Time	Item	Speakers
Session 3: Verification of JJAS outlook and discussion of Winter outlook		
Chair: Lijuan Ma		
07:00 – 07:05	Summary of Day 1 and introduction of Day 2	Lijuan MA, NCC/CMA
07:05 – 07:45	Verification of JJAS 2024 outlook Model performance evaluation for winter season (DJF) over TP region	Sohail Babar Cheema, PMD
	Boreal winter (DJF) 2024/2025 forecast	Furrukh Bashir, PMD
07:45 - 08:00	Guidance on how to interpret and use the seasonal outlook at the national level	Sohail Babar Cheema, PMD
08:00 – 08:15	Impact outlook for Third Pole region	Madhurima Sarkar-Swaigood Shashwat Avi, ESCAP
08:15 - 08:45	Discussion on the model performance, outlook for boreal winter season and potential impacts Guide questions: What improvements or challenges have been observed in model outputs? Based on the current outlook for the upcoming winter season, what are the anticipated socio-economic and environmental impacts?	Moderated by the Chair
08:45 – 09:00	Break	
Session 4. Consensus Statement and closure of the Forum		

Chair: Pengling Wang and Shahzad Sultan		
09:00 - 09:20	Consensus Statement for TPCF-2	Pengling Wang, NCC/CMA Shahzad Sultan, PMD
09:20 – 09:40	Discussion and finalization of consensus statement	Moderated by the Chair
09:40 – 10:00	Way forward and discussion on TPCF 3	Moderated by Anahit Hovsepyan (WMO) TBC
10:00	Closing	Anahit Hovsepyan (WMO) or Dr Vijay Kumar Soni (IMD, TBC)
